We are officially a home for homeless pregnant women!

A Baby's Breath Crisis Pregnancy Centers is celebrating its 16th birthday this year with the opening of a new housing center located in Phoenixville in September 2016. It is our 5th center to offer the free core services of pregnancy counseling, parenting/prenatal classes and material assistance.

We have a great system of helping clients who are in crisis get out of crisis through the compassionate help of our volunteers. With the model of helping mothers, fathers & families firmly in place, we wanted to create a place where crisis pregnancies can be avoided. It is for this reason we are offering FREE natural family planning services directly from our five centers - not just for our crisis clients - but to the general public who want to learn these techniques but are financially unable to afford the classes.

A Baby's Breath is a 501(C)3 organization that is a model for pregnancy counseling centers. Currently, we have locations in Jeffersonville, Colledgeville, Wayne, Warminster and Phoenixville, PA. Our model uses volunteer leadership in administering pregnancy counseling, prenatal/parenting classes, and material assistance. A Baby Store program is our incentive based program for distributing baby items. We have incorporated a medical service of delivering free ultrasounds into our non-medical centers.

Our model has also served in developing new services which assist our pregnancy counseling program to include a support group for prospective adoptive parents, a support group for single Christians trying to live a Christian lifestyle, and our newest service is a housing service.

All of our services are provided without government support and available to people of any faith by a volunteer staff of Catholics and Christians. Our mission is "...to help a Mother to see her child take his/her first breath."

Your support of the Silent Auction allows the consistency of our services to be provided by people who are here because they care.
